VIDEO Documentation

- ❒ The judges properly labeled and prepared the video prior to the performance.
- ❒ The entire performance was captured on video according to the requirements of the current regulations.
- ❒ The judges have reviewed the video and have prepared the copy of the document for transfer to AIDA.

POOL Disciplines

STA

- ❒ The competition is sanctioned as a world recordable event.
- ❒ The pool fulfilled the requirements set forth by the current regulations.
- ❒ The performance was timed by two AIDA Judges with two seperate stop watches.
- ❒ The performance was timed from the immersion of the athlete's airway to the exit of the airway.
- ❒ The performance was penalty free.

DYN and DNF

- ❒ The competition is sanctioned as a world recordable event.
- ❒ The pool fulfilled the requirements set forth by the current regulations.
- ❒ The AIDA Judge verified that the distance of the performance was determined by the exit of the airway of the athlete from the water or the touching of an end wall prior to the exit of the athlete's airway.
- ❒ The athlete had their airway submerged within 1.5 meters of their start.
- ❒ The athlete touched the end wall of the pool during each turn.
- ❒ The diver did not use any propulsion assitance other than their own movements and the end wall after turns and/or during their start and did not use the surface for support prior to the exit of their airway.
- ❒ The performance was penalty free.

The athlete consented to the doping test after the record attempt, and the number on the test is:_____

DEPTH Disciplines

- ❒ The competition is sanctioned as a world recordable event.
- ❒ The competition line was properly stretched, measured and marked by the AIDA Judges.
- ❒ The athlete returned with a tag from the bottom plate.
- ❒ Two AIDA Judges were in the water during the performance.
- ❒ The athlete performed the discipline without penalties and in accordance with the current regulation.
- ❒ The AIDA Judge confirmed that the athlete returned with the same weight(s) that they dived with.

SURFACE PROTOCOL

- ❒ The athlete completed the Surface Protocol within the time outlined by the current regulation.

NOTES:

Reminder and information to the judge:

- Two copies of this registration report must be printed BEFORE the attempt, by the judges.
- The first copy will be, signed by the judges and the Responsible for the Medical, and given to the athlete upon establishing the record dive.
- The second copy must be sent, as soon as possible, to the Responsible for the Records inside AIDA at the following address:

AIDA International Sport Officer
Ute Geßmann
Donnersbergstege 36
46569 Hünxe
Germany
Tel: + 49 2858 839253
Mobil: + 49 173 2633 988
Skype: ute.gessmann

- In addition, the official videos of the attempt must be sent to the same address by the judges. No record will be registered by the AIDA International Committee without these official videos. Make sure everything is in order, well packed and with the right address.
- Remember to send the copy of the doping form with this report as well **IMPORTANT**!
- The judges are asked to inform the Responsible for Records or the President of AIDA about the outcome of the attempt as soon as possible at the following numbers or e-mail addresses:
